Product Guide

BUSYPOD

Our BUSYPOD Range

BUSYPODs flexible, eco-friendly, and affordable range of phone booths and meeting pods are the perfect answer to the shared space dilemma.

Purpose built for portability, BUSYPOD is the better alternative to a traditional office fit-out. It's quicker, more flexible, and a fraction of the cost of built partitions and meeting rooms!

And with the majority of the materials being made from recycled and recyclable materials, we've got the environment in mind.

Quiet – BUSYPODs reduce noise by blocking out all those noisy office distractions, leaving you free to concentrate, make that important call, or read that important sales report. Our bigger pods are perfect for connecting and collaborating with your team.

Portable – Why limit yourself by building in a new meeting room. BUSYPOD offers flexible privacy solutions that can be moved around the office. Moving office? Take them with you. Try doing that with that old style meeting room!

Power, USB & Data outlets – Battery on low?

No problem. All BUSYPODs come wired for power with a power socket for your laptop, and a USB port to charge your phone and other devices. Need data? This can be added to any of our pods.

Ventilation – Your comfort is paramount. That is why we have a unique ventilation system, powered by a low noise electric fan to ensure the air in the pod is fully circulated in just 3 minutes.

Installation service – We offer a full white glove assembly service so it is all done for you. No sweat, no hassles!

Phone Booth

An ideal space for getting away from it all.

Get your oasis for the modern office. Dial in, tune out, rehearse, review, create, debate – you name it – the minimalist BUSYPOD Phone Booth's potential for your open plan office is huge.

No need to fight over the conference room or over-booked meeting rooms that were built for 6-10 people. No need to stand out in the corridor or stairwell to make that phone call. Our Phone Booths are soundproofed, comfortable spaces that come with a built-in desk as standard. Setup your laptop, put down your cup of coffee, lay out some documents.

The BUSYPOD Phone Booth is the solution you need to regain lost privacy in your open-plan office!

Plus

Compact but designed for comfort.

Introducing the Busypod Plus, the perfect solution for when you need a quiet and private space to focus and work without interruptions.

If your online meetings tend to take just that little bit longer, the Busypod Plus could be just the solution you're looking for. Larger than our regular Phone Booth, this pod has a similar format to our hugely popular Medium Work Pod, but with a smaller footprint. It's like you're getting the best of both worlds!

The plus comes with a work desk as standard, LED lighting, ventilation, usb and power sockets, with room for a regular office chair for real comfort.

Exterior:
H 226.3 x W 131.91 x D 101.95cm

Interior:

BUSYPOD

Medium Work

A quiet space designed for privacy and focus.

Sometimes you just need a quiet, private space to lock yourself away and focus on some detailed work, or read an important marketing report or lease agreement. All the meeting rooms are booked and your company doesn't like one person taking up a whole room.

Over 50% of people in open plan offices expressed significant levels of dissatisfaction with 'sound privacy'. (Kim J, Dear R. 2013)

Over half of office employees regularly use headphones to cancel outside noise or avoid talking to colleagues. (Study by Cloud Cover Music)

With a built-in work desk included, the BUSYPOD Medium Work is a cost effective and easy way to add flexible work spaces to any office, when and where you need them.

Exterior:
H 226.3 x W 160.7 x D 130cm

Interior:
H 202.7 x W 149 x D 114.1cm

Medium Meet

There's room for two!

There are just never enough meeting spaces. Most meeting rooms are built for larger groups when the fact is, most meetings have just a few people. The cost of building more meeting rooms can be prohibitive, or just damn right impractical.

The pod comes with a large 2 person meeting table. Add two built-in, height adjustable stools, or provide your own. Perfect for that quick catchup with a colleague or visitor. Work on a report with a team member. Dial in a colleague working remotely, or just use the pod to get away to read a legal document.

The BUSYPOD Medium Meet is a cost effective and easy way to add flexible meeting spaces to any office, when and where you need them.

BUSYPOD

Large

Where people and privacy meet.

No need to build a new 12 person meeting room. Did you know over 70% of meetings have 4 people or less in them? Most offices don't have enough meeting spaces. The cost of building more meeting rooms can be prohibitive, or just damn right impractical. Maybe your lease is due to expire in 18 months anyway. So why build when you can quickly install a 4 person meeting pod which you can take with you when you move premises.

Wall mount a screen for built-in video conferencing, meet with up to 3 of your colleagues, or just use the pod to get away and focus on that report you're working on.

The BUSYPOD Large 4 person meeting room is a cost effective and easy way to add flexible meeting spaces to any office, when and where you need them.

XLarge

Your new boardroom.

You need another large meeting room but there's just no place that one can be built. Besides, the cost is prohibitive. And then there are those massive 'make good' costs when you vacate the premises!

The BUSYPOD XLarge is the perfect solution when a larger meeting room or board room is required. Mount a screen for video conferencing, hold your regular team or board meeting, present or pitch to clients. The XLarge is just what you are looking for. And when you move to a new premises... take it with you!
