PEACEPOD LARGE

PEACEPOD XL

Introducing PEACEPOD, an exclusive series of standalone phone booths and meeting pods tailored for professional environments.

Exquisitely crafted and available in a variety of finishes, these acoustically engineered pods embody elegance and refinement. With superior soundproofing, PEACEPOD offers a serene sanctuary amidst lively surroundings, ideal for concentrated work. Simple to set up and remarkably flexible, these units can easily be moved to accommodate changing workspace dynamics.

Discover a harmonious fusion of style, utility, and versatility with PEACEPOD, redefining the standards of tranquil and chic workspace comfort.

FEATURES

Occupancy Light

The Peacepod light will shine bright when someone is in the pod making it easy to see if the pod is occupied.

Frequent Air Circulation

The air constantly refreshes, 88 to 110 times every hour.

Top-notch Acoustic Performance

Achieved sound insulation Class A & B, with up to 31dB. Tested to ISO 23351-1-2020.

LED Lighting

Sustainable and energy efficient, saving you time and money.

Castor Wheels come standard

Every pod comes with built-in casters, making it simple to relocate our pods.

Safety Glass

All glass panels are made of 8-10mm safety glass.

Power

All pods include a standard AU power socket and USB A + C

Excellent Price-to-quality Ratio

The best value for money in the market. A great price without compromising on the quality of materials.

Multiple Options Available

We offer a large number of customisation options for both the interior and exterior of our pods.

Guaranteed Speech Privacy

Our PEACEPODs have been tested to the new **ISO 23351-1:2020** standard, designed specifically to "facilitate the comparison of furniture ensembles and enclosures with respect to their ability to reduce the speech level of the occupant speaking inside the product".

This ISO standard is used specifically for phone booths, work and meeting pods, as well as other furniture ensembles. One of the most important metrics is DS,A (decibels/dB) which gauges speech level reduction. Office pods are rated by their speech level reduction efficiency and Classified as A+,A, B, C, or D.

Pods achieving a Class A+, A, or B rating are optimal for speech privacy, ensuring conversations remain confidential and users can focus on tasks without external distractions.

All PEACEPODs have achieved Class A & B which in effect guarantees speech privacy, enhancing productivity.

The chart below sets out the classification system for ISO 23351-1:2020.

Class	Speech Level Reduction (D _{S,A})	Speech Privacy Guaranteed?
A+	> 33 decibels / dB	Yes
A	30 - 33 decibels / dB	Yes
B	25 - 30 decibels / dB	Yes
C	20 - 25 decibels / dB	Depends on background noise level
D	15 - 20 decibels / dB	Depends on background noise level
Unclassified	< 15 decibels / dB	No

PEACEPOD

Phone Booth

Silence for one.

In the hustle and bustle of the office, escaping the noise and interruptions is crucial. Whether it's sealing a deal with a key client or simply having a private conversation with a loved one, sometimes you need a moment of quiet.

Engineered for enhanced productivity, PEACEPODs boast a quick and seamless installation process, ensuring minimal downtime. Serving as a tranquil haven amidst the chaos, the PEACEPOD Phone Booth prioritizes privacy and convenience, featuring wheels as a standard feature for effortless relocation.

Experience the optimal balance of design, practicality, acoustic excellence, and cost-effectiveness with PEACEPOD.

PEACEPOD

Large

The perfect meeting room replacement.

The majority of office meetings typically involve small groups, usually ranging between two to four individuals. In fact, more than 70% of meetings fall within this category. Enter the PEACEPOD Large Pod, meticulously crafted to comfortably accommodate up to four occupants for seamless discussions, connections, and collaboration.

These pods serve as an excellent, cost-efficient solution to expand your office's meeting capacity without major construction or lengthy fitout projects. Equipped with essential features such as power outlets, USB A & C ports, and wall-mount options for video conferencing screens, the PEACEPOD Large offers versatility to meet various needs.

With a vast selection of finishes and customizable options available, these pods are tailored to suit your specific requirements. Designed for utmost privacy and effortless mobility with standard wheels, PEACEPOD strikes the perfect balance of aesthetics, functionality, acoustic excellence, and affordability.

PEACEPOD

XL

Your new boardroom.

Office spaces frequently grapple with the challenge of insufficient meeting room availability. The endeavour of adding a new meeting space comes with considerable expenses and logistical hurdles. From coordinating contractors to managing lengthy construction timelines, the process often entails significant disruption and decreased productivity during construction.

Enter the PEACEPOD XL, presenting an optimal solution to this dilemma. These pods offer swift assembly and seamless integration with your office infrastructure. Equipped with essential features such as power outlets, LED lighting, ventilation, and customizable options like spacious board tables, data connectivity, and wall-mounted screens, the XL ensures a versatile and functional meeting environment.

Designed to provide a tranquil sanctuary within a bustling office environment, the PEACEPOD XL prioritizes privacy and convenience. With wheels included as a standard feature for effortless mobility, these pods deliver a harmonious combination of design sophistication, practicality, acoustic excellence, and cost-effectiveness.
